

HEARTLAND  
TRANSMISSION  
PROJECT

ALTALINK | EPCOR

# Facility Application Update

## Timeline update for filing of the Heartland Facility Application

Over the past year, the Heartland team has met with more than 4,000 residents and stakeholder groups in relation to the proposed Heartland Transmission Project. Our team has also been undertaking detailed field work, environmental studies, and engineering work. Compiling, summarizing and drawing conclusions from this large volume of information, which includes the important and detailed feedback contributed by many of you, is expected to take longer than originally anticipated.

**We now plan to submit our Facility Application to the Alberta Utilities Commission in the fall of 2010.**

For more information on the project timeline, please visit the Heartland website at [www.heartlandtransmission.ca](http://www.heartlandtransmission.ca) or call us at **1-888-441-7192**.

EPCOR and AltaLink respect your right to privacy. Any personal information we collect about you including your name, address, phone number and email address, will only be used in regards to the Heartland Transmission Project. For further information, please see EPCOR's Privacy Policy at [www.epcor.ca](http://www.epcor.ca) and AltaLink's Privacy Policy at [www.altalink.ca](http://www.altalink.ca).
